The Flourish Closet is an all-volunteer, tax-exempt, non-profit 501c3 organization formed to provide aid to the foster care community by supplying clothing and other items free of charge to children in foster care. We believe that children in foster care should live as normal a life as possible, experiencing love, respect, and a kinder side of life while in their foster care home environment by providing these children with new or gently used, up-to-date clothing and supplies. In doing so, we can help raise their self-esteem, so they feel good about themselves regardless of their unfortunate situation. With this in mind, we have developed these guidelines to ensure that these special children have decent, clean clothing and safe equipment to meet their needs. Your kindness and generosity will make a significant positive impact on their young lives.
